AT THE MOST HAUNTING TIME OF YEAR, WE CELEBRATE EXPERIMENTATION WITH THE AFTERLIFE.

Arthur Conan Doyle was a fervent promoter of the Spiritualism Movement. Thomas Edison rejected séances & mediums, and in October 1920 told The American Magazine he was building a scientific apparatus to capture surviving personalities.

The result is The Spirit Phone you see here today.

WE TAKE VERY SERIOUSLY OUR RESPONSIBILITY TOWARDS LOOKING AFTER YOU.

Please make us aware at the time of ordering of any food allergies, dietary requirements & coeliac disease. Our suppliers handle numerous ingredients & our dishes are made in a busy kitchen, so please be aware that we cannot guarantee that they are 100% free from allergens or contaminants.
